Schedule of Proposed Main Modifications to Local Plan Part 1

Mod No.	Document Page no.	Para/ Policy	Modified text (deleted text shown as struck through and additional text shown in bold)
MM1	Various	Various	Changes to the title of Local Plan Part 2 to read: " Local Plan Part 2: Site Allocations and Development Management Policies " (see para 7.8, page 8-5 Delivery section, Policy AHN4 (second para), page 9-14 delivery section, Policy EE1, page 10-9 Delivery section, para 11.5, page 11-11 delivery section, para 16.20, page 17-10 Delivery section, Appendix F (page F-5 row EE1) Appendix F (page F-5 row EE2), Appendix F (page F-11 row CC1-CC3), Appendix F (page F-12 row CC4)
MM1	Page 1-1	Para 1.2	Amend 6th and 7th sentences and add new 8 th sentence to read: 'The Local Plan Part 1 provides the framework for other Local Plan documents which will contain more detailed policies and the identification and allocation of land for non-strategic development to support the overall vision and strategy for the area. Local Plan Part 2, which is to follow, will contain non-strategic development management policies and other site allocations and land designations. The scope of Local Plan Part 2 provides the potential to allocate sites of any size. '
MM1	Page 6-6	Para 6.24	Amend second sentence as follows: ' Smaller non-strategic Additional housing sites will be allocated in Part 2 of the Local Plan and in neighbourhood plans being produced by town and parish councils. The Farnham Neighbourhood Plan, which was made in July 2017, includes some site allocations for housing. The additional housing required in Farnham, which is currently identified in Appendix D, will be allocated in Local Plan Part 2, unless Farnham Town Council decides to commence an early review of the Neighbourhood Plan, such that all sites required to deliver this housing can be delivered well before the end of the plan period. '
MM1	Page 19-1	Para 19.2	Amend to read: 'In addition, subsequent policies and guidance will be produced to supplement this plan, including in Local Plan Part 2, which will allocate non-strategic additional development sites and, if required, through planning briefs and supplementary planning documents. In addition, many communities are producing neighbourhood plans and some of these will allocate non-strategic strategic sites for development.'
MM2	Page 5-7	Policy SP2	Amend SP2 criterion 1 - 'avoid major development on land of the highest amenity and landscape value... '.

Mod No.	Document Page no.	Para/ Policy	Modified text (deleted text shown as struck through and additional text shown in bold)
MM2	Page 5-7	Policy SP2	Amend criterion 3 to read 'whilst recognising that due to Green Belt and other constraints the Green Belt Review recommended that Bramley remains washed over and therefore has more limited scope for development'.
MM2	Page 5-7	Policy SP2	Criterion 6 – amend second sentence to 'More details are given in Policy Policies SS7 and SS7A '.
MM2	Page 5-7	Policy SP2	Criterion 7 – Amend second sentence to read ' Non-strategic Additional sites will be identified and allocated through Local Plan Part 2 and neighbourhood plans'.
MM2	Page A-1 to A-2	Appendix A Key Diagram	Amend to reflect changes elsewhere in the Local Plan, including Green Belt changes and housing allocations (see below).
MM2	Page E-1	Appendix E Policies Map changes	Amend to read: ' Adopted Submission Adopted Policies Map: Changes from Adopted 2002 Local Plan Proposals Map'. Local Plan Part 1 has resulted in would result, on adoption, to the following changes to the Policies Map.
MM3	Page 6-6 to 6-7	Policy ALH1	Amend as follows: 'The Council will make provision for at least 9,864 11,210 net additional homes in the period from 2013 to 2032 (equivalent to at least 549 590 dwellings a year. 'Each parish is allocated the following minimum number of new homes to accommodate (including homes permitted and built since April 2013 and, in the case of the main settlements, anticipated windfall development): <u>Main settlements</u> Farnham: 2,330 2,780 Godalming: 1,240 1,520 Haslemere: 830 990 Cranleigh: 1,520 1,700 Dunsfold Aerodrome new settlement: up to 2,600 <u>Large Villages</u> Bramley 70 90 Chiddingfold 400 130

MM3	Page 4-1	Objective 2	Amend first sentence of Objective 2 to read: 'To support the delivery of at least 11,210 additional homes in Waverley in the period 2013 to 2032 (an average of 590 homes a year).'
MM3	Page 5-5	Para 5.22 (formerly 5.21)	Amend the second sentence in the first bullet point as follows: 'The full objectively assessed need for housing (including an allowance for meeting unmet needs from Woking) has been assessed in the SHMA as 549 590 homes per annum, far above the South East Plan target for Waverley at the time of the appeal'.
MM3	Page 6.1	Para 6.1	Amend second sentence to read: 'The Local Plan looks forward 15 years and sets out the strategy to develop at least 11,210 9,864 new homes in the period from 2013 to 2032.'

Schedule of Proposed Main Modifications to Local Plan Part 1

Mod No.	Document Page no.	Para/ Policy	Modified text (deleted text shown as struck through and additional text shown in bold)
MM3	Page 6-1 to 6-2	Para 6.6	<p>Amend whole paragraph to read 'The SHMA indicates that the objectively assessed need for housing in Waverley is 519 dwellings per annum or the period 2013 to 2033.' Based on the latest household projections 2014 and vacancy rates from the 2011 Census, the objectively assessed housing need for Waverley is 396 new homes a year from 2013 to 2032. However, given the need to tackle affordability, increase the provision of affordable homes and to take into account anticipated changes to migration from London to Waverley, there is a need to uplift the number of homes by an additional 111 homes a year. This results in 507 new dwellings needed a year. However, Woking's adopted Core Strategy seeks to deliver 292 homes per annum against its objectively assessed need of 517 homes per annum. This leaves a shortfall of 3,150 homes over the period from 2013 to the end of Woking's Core Strategy in 2027. In accordance with Paragraph 47 of the NPPF as Waverley and Guildford are within the West Surrey housing market areas they are expected, where possible, to meet Woking's unmet housing need. Meeting half of this results in an additional 83 new dwellings a year from 2013 to 2032.'</p>
MM3	Page 6-2	Para 6.9	<p>Update paragraph to read: 'Having taken account of the above factors, the spatial strategy seeks to meet the objectively assessed need for housing of 507 new dwellings a year in full and half of Woking's unmet needs (83 new dwellings a year) despite the constraints set out in paragraph 6.4.'</p>
MM3	Page 6-2	Para 6.10	<p>Update with new housing figure as follows: 'The housing target in this plan is to deliver at least 9,864 11,210 new homes between 2013 and 2032.'</p>
MM3	Page 6-2	Para 6.11	<p>Update in respect of the housing requirement and the new housing trajectory base date to read: 'A housing trajectory has been produced to illustrate the expected rate of housing delivery for the whole plan period to 2032 (see Appendix C). This shows how much new housing is anticipated to be delivered and by when, based on current data. This shows that by the end of the plan period, the full identified objectively assessed need of 11,210 9,864 homes (549 590 homes per year) will have been delivered. The trajectory also shows that, at the point when the Local Plan Part 1 is expected to be adopted (2017), there will be a five year supply of housing land that will be maintained into the future. The trajectory has taken into account evidence on the delivery of housing including where relevant the information provided by site promoters, but to ensure that it is realistic, a cautious approach has been taken on when some of the larger sites will be delivered. The projected components of housing supply are summarised in the following table:'</p>

Mod No.	Document Page no.	Para/ Policy	Modified text (deleted text shown as struck through and additional text shown in bold)
MM3	Page 6-4	Para 6.16	Update first two sentences to refer to new housing requirement and distribution to read. ‘There is not enough suitable land for housing within existing settlements to meet the need for new homes in Waverley. Therefore, the Council’s strategy for housing delivery includes making selected releases of greenfield land around settlements to deliver around 2,300 dwellings.
MM3	Page 6-5	Para 6.22	Amend first sentence to read: ‘Based on the above considerations, the Local Plan allocates each of the parishes with towns and villages in the top three tiers of the settlement hierarchy with a minimum number of homes to deliver over the plan period.’ Amend second sentence to read ‘These allocations were derived from an assessment of the components of the housing land supply outlined above in Table 6.1, including completions from 2013 to 2046 2017 , outstanding planning permissions, allocations in the Farnham Neighbourhood Plan , sites in the LAA, both within and outside settlements suitable for allocation in Local Plan Part 2 or neighbourhood plans , windfalls...’
MM3	Page 18-1	Para 18.1	Final sentence to be amended as follows: ‘This is considered to provide a balance between certainty of delivery through the Local Plan and providing the opportunity for town and parish councils to allocate (should they wish) non-strategic sites through their neighbourhood plans, in accordance with the minimum target for parishes set out in Policy ALH1.’
MM3	Page 18-16	Para 18.14	Amend sixth sentence to: ‘ The full objectively assessed need for housing, including the allowance for meeting unmet housing needs from Woking , has been assessed in the SHMA as 519 590 homes per annum, far above the South East Plan target for Waverley that applied at the time of the appeal.’
MM3	Page F-1	Appendix F	In row for SP2: Spatial Strategy, amend first target to “• Delivery of 9,864 11,210 net additional homes between 2013 and 2032 (519 590 dwellings per year).”
MM3	Page F-1	Appendix F	In row for ALH1: The Amount and Location of Housing, amend target to “• Delivery of 9,864 11,210 net additional homes between 2013 and 2032 (519 590 dwellings per year).”

MM4	Page 6-2	Table 6.1	Update Table to reflect April 2017 figures and recently 'made' Farnham Neighbourhood Plan. See below
MM4	Page 6-3	Para 6.12	Update in respect of windfall estimates to read: 'The Council's strategy for future housing delivery includes an allowance for small windfall sites (1-4 net increase) within settlements, based on past trends (excluding garden land). It is estimated that 450 468 dwellings will come forward on small windfall sites from 2019 2020 to 2032. An allowance has also been made for large windfall sites within settlements in the latter part of the plan period (2026 2027 onwards) as the LAA mainly identifies specific sites likely to come forward in the next ten years of the plan period. This could include, for example, additional housing coming forward through the redevelopment or intensification of existing employment sites. It is estimated that about 550 494 homes could be delivered from larger windfall sites from 2026 2027 -32 based on past trends, but this is likely to be an underestimation of the supply from large sites due to the recent changes in the planning system that allow many employment sites to be used for housing without the need for express planning permission.'
MM4	Page 6-4	Para 6.15	Amend first and second sentences to read: 'It is considered that sites with an existing unimplemented planning permission, sites within settlements identified in the Land Availability Assessment and small windfall sites will be able to deliver around 3,700 4,400 new dwellings in the plan period. A significant proportion of these could potentially be delivered between 2016 2017 and 2021 2022 .'
MM4	Pages C1 to C-4	Appendix C Trajectory	Replace with updated Housing Trajectory (see below).
MM4	Pages D-1 to D-2	Appendix D Explanation of Parish Allocation figures	Replace with updated table setting out components of the housing land supply (see below)

MM12	Page 6-4	Para 6-17	Amend second sentence as follows: 'However, one two areas has have been identified, one on the northern edge of Godalming near Binscombe, and another on the western edge of Godalming between Aaron's Hill and Halfway Lane , where a small changes to the Green Belt would not compromise the role and purpose of the Green Belt in Waverley.'
MM12	Page 6-4 to 6-5	Para 6.19	After first sentence add a new sentence: ' One site on the eastern edge of Milford, opposite Milford Golf Course, is to be removed from the Green Belt in this Plan and allocated as a strategic housing site. ' Amend following sentence to read 'More details on the proposed changes are given in Chapters 13 and 18. ' Change the penultimate sentence to 'The intention is that through Local Plan Part 2, working with parish councils where appropriate , the Council will review these settlement boundaries with the intention of resolving any anomalies, including reviewing Green Belt boundaries where necessary'.
MM12	Page 13-3	Para 13.12	Add to end of fourth sentence: 'This area is to be removed from the Green Belt as shown on Plan 1, in Local Plan Part 1. '
MM12	Page 13-3	Para 13.12	Additional sentence at end of paragraph 13.12 to read: 'The land being removed from the Green Belt will now form part of the settlement area of Godalming and will no longer be within the Area of Great Landscape Value.'
MM12	Page 13-3 to 13-4	Plan 1	Amend to show that area is also removed from AGLV and incorporated within the settlement area. See end of schedule.
MM12	Page 13-4	Para 13.15	Replace existing paragraph 13.15 with a new paragraph to read: 'Subject to further discussions with Guildford Borough Council, the area shown on Plan 2 could be suitable for removal from the Green Belt. There is currently insufficient information on its deliverability for housing. Therefore, this matter will be considered further in Local Plan Part 2. The land shown on Plan 2 below is removed from the Green Belt in Local Plan Part 1. This land will now be within the settlement area of Godalming and is also removed from the Area of Great Landscape Value.'
MM12	Page 13-5	Plan 2	Replace with new Plan 2 showing the area to be removed from the Green Belt in Local Plan Part 1. See end of schedule.
MM12	Page 13-6	Para 13.18	Amend wording to read: ' However, any the detailed boundary changes that might be appropriate are to be considered in more detail will be made in Part 2 of the Local Plan. This will involve consultation with local communities and will also sit side by side with the work being carried out on the relevant Neighbourhood Plans. The exception is land opposite Milford Golf Course, which is

MM12	Page 13-7	Para 13.21 and Plan 3	Amend final sentence of paragraph 13.21 to read: 'Therefore, at this stage, the existing settlement area is to be removed from the Green Belt (Plan 3) as shown on Plan 3. Plan 3 also shows the broad areas for removal from the Green Belt, with the detailed changes to the extended Green Belt settlement boundary being made in Local Plan Part 2 With any further adjustments to the settlement boundary to be made through Local Plan Part 2 to, hopefully, align with the emerging Neighbourhood Plan.'
MM12	Page 13-7 to 13-8	Plan 3	Replace with new Plan 3 showing broad areas for potential removal from the Green Belt at Chiddingfold.
MM12	Page 13-9	Para 13.22	Amend paragraph to read: ' It is proposed that The Local Plan insets Elstead is inset from the Green Belt, based on the current settlement boundary defined in the 2002 Local Plan. There are some sites considered suitable for meeting future housing needs that would require minor adjustment to the existing settlement boundary. These are indicated on Plan 4. In addition, there may be other suitable sites that will emerge through the Neighbourhood Plan process. The precise definition of the new settlement boundary will be identified in Local Plan Part 2.'
MM12	Page 13-10	Para 13.26	Amend first sentence of paragraph 13.26 to read: 'The Council supports, in principle, changes to the settlement boundaries and the removal of some land from the Green Belt within these broad areas, as indicated on Plan 5.'
MM12	Page 13-10	Para 13.26	Add sentence at end of paragraph to read: ' However, one of the areas opposite Milford Golf Course is capable of making a significant contribution to meeting the Council's housing needs. This has been identified as a Strategic Housing site in Chapter 18. Therefore the area to be removed from the Green Belt in Local Plan Part 1 is shown on Plan 5. '

This concludes that, New information on visitor capacity has identified on the basis of an enhanced SANG capacity at Farnham Park sufficient to provide mitigation for at least 75% of the Farnham area's net housing requirement as a result of new information on visitor capacity, considerably less new SANG would need to be identified. Subject to Council approval, the enhanced capacity is due to be released in July 2016 and would be sufficient to provide mitigation for at least 75% of the Farnham area's net housing requirement. Current calculations suggest that a maximum of 6.3 ha of new SANG would will need to be identified by the end of the plan period. The promotion of high quality design is a core planning principle (paragraph 17), and is given great importance in Section 7 of the Framework. Good design is a key aspect of sustainable development and should contribute positively to making places better for people. The Framework sets out the importance of planning positively for the achievement of high quality and inclusive design for all development, including individual buildings, public and private spaces and wider area development schemes (paragraph 57). Further design guidance is provided by the National Planning Practice Guidance (PPG).</p> <p>18.29 As a new settlement which will be delivered over the length of the plan period, ensuring continued high quality design and place-making is integral to its success in creating a new community. 			<p>review.</p> <p>Policy SS7A: Dunsfold Aerodrome Design Strategy</p> <p>Dunsfold Aerodrome New Settlement will be a high quality design-led new Surrey village for the 21st Century, a place where residents choose to live, work and visit.</p> <p>The following are the key design principles which will guide the future development of Dunsfold Aerodrome. In addition to Policy TD1, all proposals for the development of Dunsfold Aerodrome shall clearly demonstrate how it achieves the following strategic design principles:</p> <p>i. A village that has a distinct local character:</p> <p>The new development will be of a high quality and inclusive design, creating a locally distinctive and legible³ place that responds to the previous use of Dunsfold Aerodrome as an airfield.</p> <p>[Footnote 3 to read: A legible place is one that has a clear image and is easy to understand (By Design, CABA, 2000)]</p> <p>The development of a new community at Dunsfold Aerodrome provides an opportunity to draw upon the contribution made by the historic environment to create a unique sense of place and local character for the new settlement. Both the physical and social legacy features of the airfield should be incorporated into the Masterplan to root the development into its context and site history.</p> <p>In addition the Masterplan will demonstrate how the development responds to the landscape setting within which it sits and how the features and layout are reflective of the site's character and the wider local area. It will set out the urban design principles which have directly influenced the design and layout of the proposals that contribute towards creating a unique new community.</p> <p>Inspired by the variety found within the Surrey vernacular, the new settlement will incorporate visual richness and character in a harmonious and coordinated approach. This will create a distinctive place, responsive to both the immediate and wider context.</p>

			<p>Where possible the Masterplan will set out how the new settlement will prevent a homogenous design aesthetic ensuring that the new settlement is both grounded into the site and reflects the traditional evolution of a village.</p> <p>Buildings should be well designed and adaptable to future changes in circumstance and demands.</p> <p>Overall the Masterplan will need to demonstrate how it will deliver a quality place where residents chose to live, which is attractive to employers and employees, together with the visitors who chose to come to Dunsfold Aerodrome to enjoy the range of retail and leisure activities.</p> <p>ii. Safe, connected and efficient streets:</p> <p>The Masterplan will incorporate an attractive network of streets that support the character of a new Surrey village, responding to the local public spaces in the village centre and creating safe, enjoyable and accessible spaces within the residential neighbourhood. The layout and design will help to create safe well-connected neighbourhoods, and have particular regard for ensuring that proposals maximise opportunities to prioritise pedestrian and cyclist movement across the site and further afield. It is essential that the layout and design incorporates the principles of both legibility and permeability to ensure that everyone can move freely and confidently through the area.</p> <p>iii. A significant network of greenspaces and public places:</p> <p>The amount, variety and quality of landscaped open space is one of the key elements which will make the new settlement special. The Masterplan will outline the approach for a connected network and hierarchy of Green Infrastructure, open spaces and recreational facilities. These spaces should be accessible to all, ranging from pocket parks and doorstep play to sports pitches, playgrounds and public parks, and should link coherently into the existing tree belts and retained hedgerows. They will respect and enhance the landscape qualities of the area, meet the needs of the new community and be within walking distance of residential neighbourhoods. Additionally these spaces should be durable, safe and convenient and capable of long-term sustainable management without undue cost to the community.</p>

			<p>The Masterplan will include a network of public spaces at various scales and with different characters and intended uses, creating a series of everyday spaces in which people will live out their communal lives. These spaces will deliver a rich and varied public realm giving a strong sense of place, unique and distinctive to the new settlement.</p> <p>iv. A secure environment:</p> <p>While ensuring that the new settlement is laid out in a permeable manner to encourage walking and cycling to all the main facilities, the network of routes and design of building frontages should be laid out in a way that creates a safe environment, and reduces the opportunities to commit crime.</p> <p>v. A choice of access and inclusive communities:</p> <p>The new development will create an inclusive and sustainable community, which is compact, scaled for the pedestrian, and provides alternatives to the private car. Accessibility across the site will be inclusive to respond to the requirements of its users and residents and provide a choice of routes. The masterplan will encourage smarter transport choices to meet the needs of the new development and maximise the opportunities for sustainable travel, including the provision of a network of footpaths and cycleways, open spaces and water corridors including the Wey and Arun Canal.</p> <p>vi. An efficient use of natural resources:</p> <p>Innovative technologies for water energy and waste (including the storage of waste) will be encouraged to ensure the efficient use of natural resources. Opportunities for promoting adaptable buildings, using sustainable materials and designing building, services and site layouts solutions which emphasise durability will be encouraged. The Masterplan will demonstrate how this can be seamlessly integrated into the development.</p> <p>The layout and design of the new settlement will also need to ensure that it takes into account and effectively mitigates a number of potential environmental impacts, including noise, light pollution, and air quality within the site.</p> <p>vii. Cohesive and vibrant neighbourhoods:</p>

			<p>The Masterplan will show that the new development will be compact and scaled for the pedestrian, distinctive in character, delivering a mix of uses, different types of dwellings (both in size and tenure), and a village centre with supporting social and physical infrastructure. It will be a cohesive and vibrant new village created through a range of individually defined character neighbourhoods that compliment each other on the larger scale.</p> <p>Dunsfold Aerodrome will not only be constructed over a long period of time, but the completed development will be expected to endure over the long term. This means that the buildings and spaces should be designed to be sufficiently flexible to respond to changing circumstances.</p> <p>The Masterplan</p> <p>The developer must produce a Masterplan for the overall site that will respond to the design principles set out in this policy. This Masterplan should:</p> <ul style="list-style-type: none"> • be subject to a public consultation (the strategy for this to be agreed in advance with the Council); • be assessed by a Design Review Panel; • be approved by the Council as part of any planning consent. All subsequent planning applications for parts of the Dunsfold site shall be consistent with the approved masterplan; • detail design principles and character areas (including density, scale, car parking) for the entire site and the phases of development; and • be kept under review by site developers and any changes approved by the Council alongside the planning applications that rely on those changes. <p>To ensure that the design strategy for the site is implemented, maintained and developed in accordance with the needs of those using and living on the site, the Masterplan will include details in respect of the delivery, management and governance of the new settlement. It will identify the mechanisms for the management of social infrastructure and will demonstrate how the design facilitates the consideration of further development on the site beyond the plan period.</p> <p>At each phase of the development the Design and Access Statement accompanying the</p>
