

Questions for the Council

On the 19th June the Inspector wrote to the council as below.

Could they provide me with a redrafted Table 1 of the Charging Schedule which incorporates the changes proposed in the October 2013 changes document (WBC/CIL/016).

On the 12th June the Inspector wrote to the council as below.

Please would you pass the following questions on to the Council. I would appreciate a response as soon as possible, and in any event within a week.

1. What is the purpose of the document "Charging Rates for the Proposed Charging Schedule" WBC/CIL/020? Is it intended that this will be incorporated in the finally approved Charging Schedule?
2. Is it the Council's intention that the charge for residential should apply only to Class C3 dwellinghouses? Should the Charging Schedule Table 3 include a definition of "Residential"? If so what?
3. The Charging Schedule is drafted as a consultation document (See for example page 2, paragraph 1.8, and references to the *proposed Draft* Charging Schedule. There may be others). Does the Council agree that such references should be deleted from the approved Charging Schedule, and could a comprehensive list of such deletions be provided please.
